

BIBLIOTECĂ-HUB CULTURAL
„EDUARD PAMFIL”
SIMCEA RAREȘ & CARP CĂTĂLIN
AN III

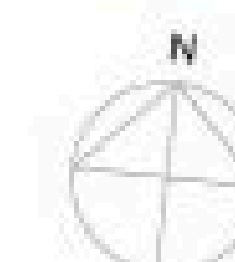

Omul e un **Univers** în **devenire**, fără centru fix, fără sens prestabilit. Tocmai această lipsă de fixitate îl pune în **mișcare**: el caută **direcția și sensul**, iar în căutare **devine**.

Biblioteca nu este un recipient al acestei căutări, ci un **interlocutor** — un **univers** de sine stătător, cu propria logică și propria densitate. Când cele **două universuri** **intră în coliziune**, niciunul nu rămâne intact: omul se reconfigurează prin întâlnire, biblioteca capătă sens prin cel care o traversează.
